Hello Shaun

we are postponing the community meeting in Silverton for Thursday, Aug 27th . Our request through the Unified Command was unable to be fulfilled.

Let me know your schedule so we can make this happen.

thanks

Jim

Hello Trevor

I discussed with Shaun McGrath today about setting up a public meeting for the Silverton, San Juan County community.

Thursday August 27th at 6:30 pm at Silverton Town Hall would be an appropriate time.

Shaun requested that I submit the inquiry through the official channels via the Unified Command.

The goals for the meeting:

- 1) An update on the Gold King, Red and Bonita Project. Briefing the community on current progress and the plans for winterization Steve Way Project Manager
- 2) Funding mechanisms for long term reclamation of acid mine drainage in Upper Cement Creek. Addressing community concerns and presenting options Shaun McGrath or Martin Hestmark.

Shaun mentioned possibly bringing in some other personnel to help educate the community about the different programs so they can make an informed decision.

thanks

Jim
